INTRODUCTION . . . 1

1 Scope of the Book
4 Archaeological Systematics
7 Theoretical Perspective

1 EARLIEST INHABITANTS . . . 13
Prior to ca. 11,050 BP

13 PRE-CLOVIS SITES (> CA. 11,050 BP)
16 The Sites
20 Pre-Clovis: Still Searching for the Evidence

2 EARLY PREHISTORIC PERIOD . . . 23
ca. 11,050 to 8,600 BP

24 CLOVIS PHASE (CA. 11,050 TO 10,800 BP)
28 The Sites
33 Clovis: An Unprecedented “Homecoming”?

38 FOLSOM PHASE (CA. 10,900 TO 10,200 BP)
41 The Sites
45 Folsom: High Mobility with a Focus on Bison
47 SIBBALD PHASE (CA. 10,500 BP)
   49 The Sites
   53 Sibbald: The Beginning of Regionalization

55 AGATE BASIN/HELL GAP COMPLEX (CA. 10,200 TO 9,600 BP)
   58 The Sites
   65 Agate Basin/Hell Gap: Continuity from Folsom to Scottsbluff?

67 ALBERTA PHASE (CA. 9,600 TO 9,000 BP)
   69 The Sites
   75 Alberta: Earliest Point Style of the Cody Tradition

78 SCOTTSBLUFF-EDEN PHASE (CA. 9,000 TO 8,600 BP)
   80 The Sites
   88 Scottsbluff-Eden: The First Major Occupation?

3 EARLY TO MIDDLE PREHISTORIC PERIOD TRANSITION . . . 95
c. 8,600 TO 7,500 BP

95 PLAINS/MOUNTAIN COMPLEX (CA. 8,600 TO 7,700 BP)
   97 The Sites
   104 Plains/Mountain: Transition from Spears to Darts in the Foothills/Mountains

108 LUSK COMPLEX (CA. 8,300 TO 7,500 BP)
   109 The Sites
   117 Lusk: Transition from Spears to Darts on the Plains

4 MIDDLE PREHISTORIC PERIOD . . . 119
c. 7,500 TO 1,500 BP

120 COUNTRY HILLS COMPLEX (CA. 7,500 TO 7,300 BP)
   121 The Sites
   130 Country Hills: Barbed Darts in the Front Range and Foothills

133 MUMMY CAVE COMPLEX (CA. 7,300 TO 6,700 BP)
   135 The Sites
   139 Mummy Cave: The Earliest Side-notched Point Assemblages

142 MAPLE LEAF COMPLEX (CA. 6,300 TO 5,200 BP)
   143 The Sites
   151 Maple Leaf: Subsisting in the Foothills and Front Range

154 CALDERWOOD COMPLEX (CA. 5,200 TO 4,700 BP)
   154 The Sites
   161 Calderwood: Social and Material Culture Diversity Five Thousand Years Ago
163 **GOWEN COMPLEX (CA. 5,900 TO 5,200 BP)**

   168 Gowen: A Distinct Cultural Entity?

169 **ESTEVAN PHASE (CA. 4,900 TO 4,500 BP)**

   176 Estevan: Oxbow Beginnings on the Alberta Plains

180 **OXBOW PHASE (CA. 4,500 TO 4,100 BP)**

   191 Oxbow: Cemeteries, Boiling Pits, and More

199 **MCKEAN COMPLEX (CA. 4,200 TO 3,500 BP)**

   216 McKean: Migrants from the Big Horn Basin/Black Hills Area

224 **PELICAN LAKE COMPLEX (CA. 3,600 TO 2,800 BP)**

   235 Pelican Lake: The Twilight Days of Bison Stalking

241 **OUTLOOK COMPLEX (CA. 2,500 BP)**

   247 Outlook: The First Wave of Middle Missouri Invaders

250 **SANDY CREEK COMPLEX (CA. 2,500 BP)**

   254 Sandy Creek: Besant Beginnings?

256 **BRACKEN PHASE (CA. 2,800 TO 2,100 BP)**

   275 Bracken: Industrializing Bison Pounding and Mobilizing a Workforce

282 **BESANT PHASE (CA. 2,100 TO 1,500 BP)**

   303 Besant: A Renewed Perspective

309 **SONOTA PHASE (CA. 1,500 TO 1,350 BP)**

   321 Sonota: Reviving the Newman-Syms Perspective

**5 MIDDLE TO LATE PREHISTORIC PERIOD TRANSITION**

   **CA. 1,500 TO 1,350 BP**
6 Late Prehistoric Period . . . 335
ca. 1,350 to 250 BP

335 Avonlea Phase (ca. 1,350 to 1,100 BP)
341 The Sites
355 Avonlea: Migrant Archers from the East

366 Avonlea—Old Women’s Transition (ca. 1,100 BP)
368 The Sites
373 Avonlea—Old Women’s Transition: End of Avonlea Within the Beginnings of Old Women’s

375 Old Women’s Phase (ca. 1,100 to 250 BP)
379 The Sites
403 Old Women’s: Archaeological Evidence for the Prehistoric Blackfoot (Nitsitapii)

408 Highwood Phase (ca. 500 to 300 BP)
409 The Sites
413 Highwood: Shoshonean (Snake) Invaders in Southern Alberta

7 Late Prehistoric to Historic Period Transition . . . 417
Protohistoric Period, ca. 250 to 200 BP

417 Protohistoric Old Women’s Phase (ca. 250 to 200 BP)
419 The Sites
433 Protohistoric Old Women’s: Continuity and Change

435 One Gun Phase (ca. 200 BP)
438 The Sites
440 One Gun: More Migrants from the Middle Missouri Area

8 Commentary . . . 443

457 References
